Elie Denissoff, Ph.D.: Speculative Thought and Religious Experience
J. Harry Cotton, Ph.D.: The Existential Character of Our Knowledge
of Other Persons

In Memoriam
God Bless America

The precise time for the business meeting will be set later. The matter to be discussed will include the following: the writing of a history of the Association or at least gathering materials for it; the arranging for a joint meeting with the philosophical society of one of our neighboring states, as suggested in one of our previous meetings; the creation of interest in the Association and the recruiting of new members; and any other matter which the membership wishes to discuss. There will be a report of a special committee designated by vote of the Association last meeting, in regard to a resolution concerned with one of our members, Mr. George Parker. The regular election of officers will also take place at this meeting. The present officers were chosen last year at the fall meeting. They are: Edwin G. Kaiser, president; Gordon Clark, vice-president; Leo Hertel, secretary-treasurer.

Please make use of the card enclosed in this envelope for reply. We wish to inform the manager of the Spink Arms Hotel in due time of the number to be present at the dinner. State on the card if you are bringing guests. They will be most welcome, especially if they are interested in becoming members of the Association.
